INDEX

PROCEEDINGS OF THE ROYAL SOCIETY OF MEDICINE, VOL. XXXIV, 1940-1941.

INDEX

VOL. XXXIV, 1940-41

Note.—In this volume two series of numbers are used for pagination, one being the sectional page number and the other the volume page number. The latter only is used in the Index. An asterisk (*) is an indication that French, Spanish and Portuguese abstracts are given of those particular papers.

Abrahams, Sir Adolphe.—Generalized osteoporosis, thyrotoxicosis and fits, case of, 321
Hanot's unilobular cirrhosis of liver. Chronic jaundice. Pigmentation of skin, case of, 322
Spina bifida, half vertebræ, syringomyelia and albinism, case of, 322
Adamantinoma of lower jaw, case of, 323
Aero-otitis media, acute and chronic, 7
Affective disorder, a disorder of feeling tone in the widest sense, 294
causes and treatment of, 298
Age, assessment of, from teeth and jaws, 1
Airey, F. S.—Discussion on prevention and treatment of parasitic diseases, 202
Air-raid casualties, spinal injuries in, 456
shelter, problem of (P. G. Stock), 125
Alcoholism, references to, in Saint-Simon's mémoires, 367
Alston, J. M.—Discussion on the problem of blast injuries, 191
Amenorrhœa, secondary, intravenous use of follicle-stimulating hormone of anterior pituitary in, 808
Amnesia of cerebral injury, 685
post-traumatic, 685
retrograde, 685
Amnesic syndromes in war (W. Sargent and E. Slater), 757
clinical features, 760
constitutional basis, 757
frequency of, 757
symptoms exhibited by cases of amnesia and fugue precipitated by severe military stress, 762
treatment, 763
Anæsthesia, casualty, in the E.M.S. (F. Barnett Mallinson), 635
different phases of, relative anæsthetic concentrations in blood, brain and tissues during, 489
for war casualties with chest injuries, 95
*in chest surgery, with special reference to controlled respiration and cyclópropane (M. D. Nosworthy), 479
Anæsthetist, special duties of, in chest surgery, 487
Aneurysm, intracranial, cephalic bruit and 3rd cranial nerve palsy, case of, 324
renal, case of, 563
Animals and man, fluorosis in, discussion on, 391
direct effects of blast on, 174
Anoxia and nitrous oxide anæsthesia, relationship of (K. C. McCarthy), 627
Antigen, individual response to, in immunization, 256
Antigens, bacterial, combination of, in active immunization, 253
***Anus** and anal canal, squamous-cell carcinoma of: analysis of 55 cases (W. B. Gabriel), 139
associated malignant disease, 146
diagnosis and treatment, 147, 149
grades of malignancy, 144, 146
histology of, 142
sex and age incidence, 141
sites of origin of, 144
Arthritis, rheumatoid, with rheumatic heart disease, 561
septic, cases of, report on (W. B. Foley), 657
Arthroplasty, cup, use of vitallium in surgery with special reference to (W. H. Cole), 779
Asbestosis, pulmonary, case of, 557
Athetosis, case of, 560

Bacteria and toxins, spread of, from infected wounds; the clinical application of laboratory findings (J. M. Barnes), 659, 660
Bacteriology, relations of pharmacology with, 474
Ballantyne, A. J.—Discussion on iridocyclitis, 360
on war injuries of the eye, 730
*The reflexes of the fundus oculi, 19
Bamber, G.—Unusual example of lupus erythematosus, 661
Barnes, C. G.—Electrocardiogram after pneumonectomy, 606
Barnes, J. M.—Spread of bacteria and toxins from infected wounds, the clinical application of laboratory findings, 659
Barrett, N. R.—Discussion on chest injuries, 91
Barsby, B.—Discussion on the problem of blast injuries, 191

Bauer, F.—Functional treatment of congenital dislocation of hip-joint, 215
Bauwens, P.—Electro-diagnosis and electro-therapy in peripheral lesions, 459
The thermionic control of electric currents in electro-medical work, 715
Bayon, H. P.—A medico-psychological revision of the story of Jehanne, la Pucelle de Domrémy, 161
Discussion on ætiology and morbid anatomy of fowl paralysis, 115
Bayonet wounds, penetrating, case of, 325
Beeson, Paul B.—Factors influencing the prevalence of trichinosis in man, 585
Benjamin, A.—Discussion on hygiene in air-raid shelters, 135
Birdsall, S. E.—Discussion on aspects of sinusitis, 117, 123
Bladder, contracted, case of (shown for discussion on treatment), 385
diverticulum and enlarged prostate, case of, 766
injuries to, personal experiences of, 566, 569
lymphadenoma of, case of, 390
stones from, a collection of, 386
unusual foreign body in, case of, 769
Blaikley, J. B.—Endometrioma of colon causing stricture, 810
Bradford, C. H.—Mechanical fixation of fractures, 786
Blakemore, F.—Discussion on ætiology and morbid anatomy of fowl paralysis, 109
*on swine influenza in the British Isles, 611
Blast injuries, problem of, blast as factor causing casualties, 182
direct effects of blast on animals, 174
discussion on, 171
the nature of blast, 172
Blood and blood derivatives, transfusion of, objects of, 258
brain and tissues, relative anæsthetic concentrations in, during different phases of anæsthesia, 489
changes associated with toxæmia in extensive burns, 50
chemistry, changes in, in extensive burns, 49
concentrated red cells of, transfusion of, indications for, 265
*derivatives of, transfusion of, therapeutic value of, discussion on, 257
in treatment of chest injuries, 88
plasma and serum, relative toxicity of, 263
for transfusion, protein content only index of efficiency, 260
three forms of, 263
serum for transfusion, three forms of, 263
stored, properties of, 259
transfusion in air-raid casualties, resuscitation ward records, 261
whole, plasma and serum, relative therapeutic value of, 264
Body, mixed second and third degree burns of, saline treatment of, 63
Bone and tooth, benign neoplasia of (E. W. Fish), 427
graft, on-lay, two cases of, 511
Bosworth, T. J.—Discussion on fluorosis in man and animals, 391
Bradley, W. H.—Discussion on hygiene in air-raid shelters, 135
Brain, wounds of, with penetration by metal splinters, without loss of consciousness, 687, 688
Brain, W. Russell.—Form of visual disorientation resulting from lesions of the right cerebral hemisphere, 771
Brewer, H. F.—Discussion on chemotherapy, serotherapy and hæmotherapy in otology and laryngology, 668
Bridge, J. C.—Discussion on fluorosis in man and animals, 396
Bristow, Rowley.—Discussion on injuries to peripheral nerves, 513, 532
***British** Isles, swine influenza in, discussion on, 611
Brock, R. C.—"Adenoma" of bronchus treated by pneumonectomy, 556
Discussion on treatment of traumatic hæmothorax, 81
Bronchiectasis, lobectomy for, anæsthesia in, 502
Bronchitis, winter, recurrent, with fibrotic stenosis of the right lower lobe bronchus, 555
Bronchopleural fistula, anæsthesia in, 503
Bronchus, adenoma of, treated by pneumonectomy, 556
Brooke, R.—Discussion on the closed plaster treatment of wounds in the light of recent experience, 221
Brooks, W. D. W.—Discussion on iridocyclitis, 351
***Brown,** H.—Discussion on the therapeutic value of transfusion of derivatives of blood, 261
Bunyan, J.—Envelope method of treating burns, 65
Burn therapy, the functional aspect of (A. H. McIndoe), 56
Burns and wounds, combination of, treatment of (C. Flemming), 53
chemical, 48
delayed or secondary shock in, 49
depth of, subsequent function in relation to, 57
electrical, 49
envelope method of treating (J. Bunyan), 65
extensive, effects of serum in cases of, 54
local treatment of, 52
protection, 49
systemic disturbances in, and their treatment (W. C. Wilson), 49
general consideration of, 57
late treatment of raw surfaces, 63
of special areas, disadvantages and dangers of coagulation therapy in, 58
saline treatment of, 62
sepsis in, 50
toxæmia in, 50
treatment of, discussion on, 43
(R. Mowlem), 221
use of plaster and vaselin in treatment of, 63
war, final assessment of, 49
first-aid treatment of, 44
hospital treatment of, 46
late after-treatment of, 48
nature and character of, 43
treatment of, 43
types of, 48
Burns, B. H.—Bone graft, on-lay, two cases of, 511
Cervical spine, injury to, four cases of, 508
Bussey, H. J. R.—Venous spread in rectal cancer, 571
Buxton, P. A.—Some recent work on the louse, 193, 203

Brain, W. Russell.—Form of visual disorientation resulting from lesions of the right cerebral hemisphere, 771

Bywaters, E. G. L.—Rheumatoid arthritis with rheumatic heart disease, 561

Campbell, D.—Discussion on war injuries of the eye, 729
Cancer, references to, in Saint-Simon's mémoires, 366
Cann, R. J.—Discussion on injuries of the ear, 17
Capps, F. C. W.—Direct wound of larynx, 683
*__Carcinoma,__ squamous-cell, of anus and anal canal: analysis of 55 cases (W. B. Gabriel), 139
Cardell, J. D. M.—Discussion on war injuries of the eye, 729
Carditis, rheumatic, diagnosis of, significance of certain signs relating to, 544, 545
Carpal dislocation, treatment of, three patients showing result of, 507
Casualty anæsthesia in the E.M.S. (F. B. Mallinson), 635
Catatonia, periodic, metabolic investigations in (S. W. Hardwick and A. B. Stokes), 733
Catterall, R. C. F.—Hirschsprung's disease: condition three months after sympathectomy, 557
Causalgia, central pain in, 293
in injuries to peripheral nerves, 528, 531
Cawadias, A. P.—The history of endocrinology, 303
The Royal College of Physicians of London, on the occasion of its recent bombing, 811
Cawthorne, Terence.—Discussion on causes of failure in treatment of acute otitis media, 231
on chemotherapy, serotherapy and hæmotherapy in otology and laryngology, 676
on the limitations of operative treatment in traumatic facial paralysis, 582
Cerebral hemisphere, right, lesions of, form of visual disorientation resulting from (W. Russell Brain), 771
Cervical spine, injury to, four cases of, 508
Chandler, F. G.—Discussion on treatment of traumatic hæmothorax, 73
Chemistry, synthetic, relations of pharmacology with, 472
Chemotherapy and wound infection, discussion on, 337
serotherapy and hæmotherapy in otology and laryngology, discussion on, 665
Chest casualties in war, 504
injuries, anæsthesia in, 95
complications of, 89
discussion on, 83
fractures, 92
open wounds of pleura, 93
superficial wounds, 91
treatment of, 88
*surgery, anæsthesia in, with special reference to controlled respiration and cyclopropane (M. D. Nosworthy), 479
inhalation anæsthesia in, 492
intravenous anæsthesia in, 491
local anæsthesia in, 490
pharyngeal airway or endotracheal tube, 497
rectal anæsthesia in, 491
special duties of anæsthetist in, 487
spinal anæsthesia in, 491
uses of carbon dioxide in, 492
wall, wounds of, treatment of, 86
Childhood, diseases of, signs in the teeth, 2
Chloroform in chest surgery, 493
Clapham, P. A.—Life history of *Trichinella spiralis,* 590
Cole, Wallace H.—Use of Vitallium in surgery with special reference to cup arthroplasty, 779
Colebrook, L.—Discussion on chemotherapy and wound infection, 337
on treatment of burns, 71
Coleman, Frank.—Fractured mandible—a sign of and a method of treatment, 212
Colitis, ulcerative, idiopathic, terminal ileostomy for, 573
Colledge, L.—Discussion on injuries of the ear, 5, 17
Collier, D. J.—Discussion on the limitations of operative treatment in traumatic facial paralysis, 575
Collier, J.—Carcinoma of œsophagus. Results of deep X-ray treatment, 683
Discussion on injuries of the ear, 10
Colon, carcinoma of, invading the bladder wall, case of, 767
endometrioma of, causing stricture, 810
polyposis of, multiple, familial, with carcinomatous degeneration, 558
Concussion, experimental (D. E. Denny-Brown and W. Ritchie Russell), 691
in head injury, 686
Consciousness, loss of, in different types of head injury (K. Eden and J. W. Aldren Turner), 685
Converse, J. M.—Orthopædic aspects of plastic surgery. The early replacement of skin losses in war injuries of extremities, 791
Cooksey, F. S.—Discussion on the limitations of operative treatment in traumatic facial paralysis, 580
Cope, Z.—Discussion on personal experience of injuries to the genito-urinary tract, 569
Copper oxyphosphate cement, dental cavities filled with, reaction of pulp in, 703-705
Corbett, R.—Terminal ileostomy for idiopathic ulcerative colitis, 573
Corvisart, Jean Nicolas (1755-1821), life and times of (J. F. Halls Dally), 239
Craniopharyngioma, calcified, case of, 324
Craufurd-Benson, H. J.—Discussion on prevention and treatment of parasitic diseases, 200
Cretinism, case of, 564
"Crick" dots, 29
Crofton, W. M.—Discussion on iridocyclitis, 362
Cross, A. G.—Discussion on war injuries of the eye, 730
Culpin, Millais.—Discussion on psychiatric aspects of effort syndrome, 540
Cutaneous innervation, pattern of, clinical significance of (G. Weddell), 776
*__Cyclopropane,__ controlled respiration and: anæsthesia in chest surgery with special reference to (M. D. Nosworthy), 479
in chest surgery, 493
Cystoscope, place of, in the development of urology, 623

Da Costa's syndrome, differential diagnosis of (P. Wood), 543
symptoms and signs in 200 cases of, 544
Daggett, W. J.—Discussion on aspects of sinusitis, 120
on causes of failure in treatment of acute otitis media, 230
Daley, Doreen.—Experience with the intravenous use of the follicle-stimulating hormone of the anterior pituitary in menstrual disorders, 804
Dally, J. F. Halls.—Life and Times of Jean Nicolas Corvisart (1755-1821), 239
Davidson, S.—Discussion on hygiene in air-raid shelters, 133
Davidson, W. G.—Discussion on war injuries of the eye, 729
Davis, E. D. D.—Chronic hyperplasia or focal fibrosa of maxilla, 327
Clinical aspect of lymphosarcoma of tonsil, 679
Discussion on injuries of the ear, 15
Deafness, psychological aspects of, discussion on, 309
Denny-Brown, D. E.—Discussion on fat embolism and the brain, 653
Experimental concussion, 691
Dental caries, information afforded by presence of, 4
d'Este, Augustus (1794-1848), the case of: the first account of disseminated sclerosis (D. Firth), 381
Diabetes insipidus with regressing miliary shadows in the lung, 555
Diaphragm, wounds of, treatment of, 86
Dicks, H. V.—Discussion on psychiatric aspects of effort syndrome, 540
Diet in treatment of chest injuries, 88
Diphtheria, immunization in, 249
Disseminated sclerosis, the first account of: the case of Augustus d'Este (1794-1848) (D. Firth), 381
Dixon Memorial Lecture (No. 3).—The Future of Pharmacology (J. A. Gunn), 469, 477
Douglas, D. M.—Renal aneurysm, 563
Dudley, Sheldon F.—Pulmonary tuberculosis in the Royal Navy and the use of mass miniature radiography in its control, 401
Dukes, Cuthbert.—Discussion on factors which make for safety in the pre-operative and post-operative treatment of carcinoma of rectum, 709
Venous spread in rectal cancer, 571
Dyspepsia in the Forces, discussion on, 411

Ear, injuries of, discussion on, 5
middle, effects of blast upon, 11
Eden, K.—Discussion on chronic hyperplasia or focal fibrosa of maxilla, 334
Loss of consciousness in different types of head injury, 685
Edwards, H.—Familial multiple polyposis of colon with carcinomatous degeneration, 558
Hirschsprung's disease: condition three months after sympathectomy, 557
Edwards, Tudor.—Discussion on treatment of traumatic hæmothorax, 80
Effort syndrome, nature and treatment of, discussion on, 541
psychiatric aspects of (A. Lewis), 533
respiration in patients with, compared with normal subjects (M. S. Jones and R. Scarisbrick), 549
Sir Thomas Lewis on (quoted), 542
treatment and outcome of, 536
Eisinger, K.—Discussion on causes of failure in treatment of acute otitis media, 231
Electric currents, thermionic control of, in electro-medical work (P. Bauwens), 715
Electrocardiogram after pneumonectomy (C. G. Barnes), 606
Electro-diagnosis and electrotherapy in peripheral nerve lesions (P. Bauwens), 459
Electrotherapy and electro-diagnosis in peripheral nerve lesions (P. Bauwens), 459
Elgood, C.—Some little-known medical practitioners in mediæval Persia, 373
Elkington, J. St.C.—Discussion on injuries to peripheral nerves, 517
Ellman, P.—Mass radiography in the early detection of intrathoracic disease (with special reference to pulmonary tuberculosis in recruits), 595
Pulmonary asbestosis, 557
Embolism, fat, and the brain, discussion on, 639
Emergency Medical Service, casualty anæsthesia in (F. Barnett Mallinson), 635
Endocrine system, nosography of, 306
Endocrines, description of, 303
Endocrinology, analytical, 304
history of (A. P. Cawadias), 303
synthetic, 305
Endodontoma (the) and the endosteoma, 431, 435
Endometrioma of colon causing stricture, 810
Endosteoma (the) and the endodontoma, 431, 435
Enteric fever, vaccination against, 250
Epidemic, inoculation in the presence of, 255
Erysipelas, reference to, in Saint-Simon's mémoires, 364
Ether in chest surgery, 493
Ethmoiditis, chronic, treatment of, by the transantral operation, 117
Evans, F. T.—Discussion on factors which make for safety in the pre-operative and post-operative treatment of carcinoma of rectum, 711
Spinal anæsthesia with heavy percaine, 633
Everidge, J.—Discussion on personal experience of injuries to the genito-urinary tract, 569
Ewing, I. R.—Discussion on psychological aspects of deafness, 315
Extremities, war injuries of, early replacement of skin losses in. Orthopædic aspects of plastic surgery (J. M. Converse), 791
Eye, war injuries of, treatment of (T. M. Tyrrell), 725, 731

Face, bones of, arrangement of, and their relationship to injury, 210
structure of, in relationship to fracture and other aspects of facial injuries (W. W. James and B. W. Fickling), 205
burns on, saline treatment of, 62
treatment with tannic acid contra-indicated, 224
injuries of, complicating fractured jaws, immediate treatment of, 269, 271
Facial paralysis, traumatic, limitations of operative treatment in, discussion on, 575
Fat embolism and the brain, discussion on, 639
Fickling, B. W.—Structure of bones of face in relationship to fracture and other aspects of facial injuries, 205
Firth, Douglas.—The case of Augustus d'Este (1794-1848): the first account of disseminated sclerosis, 381
Fish, E. W.—Benign neoplasia of tooth and bone, 427
Discussion on chronic hyperplasia or focal fibrosa of maxilla, 334
Fitzpatrick, W. G. C.—Mass miniature photo-radiography in the Royal Navy, 406
Fleming, A.—Discussion on chemotherapy and wound infection, 342
Flemming, C.—Discussion on treatment of combination of burns and wounds, 53
Flint, E. R.—Discussion on factors which make for safety in the pre-operative and post-operative treatment of carcinoma of rectum, 707
Fluorosis in man and animals, discussion on, 391
Focal sepsis in ætiology of iridocyclitis, 356
Foley, W. B.—Report on cases of septic arthritis, 657
Follicle-stimulating hormone of anterior pituitary in menstrual disorders, intravenous use of, experience with (M. Kenny and D. Daley), 804
Forces (the), dyspepsia in, discussion on, 411
Forensic aspects of the teeth and jaws (E. Sprawson), 1
Forman, L.—Discussion on prevention and treatment of parasitic diseases, 202
Foveal reflexes, 26
Fowl paralysis (neurolymphomatosis) ætiology and morbid anatomy of, discussion on, 109
experimental, pathology of, 112
strain susceptibility, 112
transmission of, 109
Fractures, mechanical fixation of (C. H. Bradford), 786
treated by mechanical fixation, distribution of, 789
incidence of infection in, 790
Francis, A. E.—Discussion on chemotherapy and wound infection, 348
Franklin, R. H.—Carcinoma of thoracic œsophagus treated by œsophagectomy, 562
Frazer, A. C.—Discussion on fat embolism and the brain, 651
Freudenthal, W.—Histological demonstration—
(1) Nævus cells in sebaceous glands, 662
(2) Connective tissue in syringoma cysts, 663
Frey, H.—Discussion on injuries of the ear, 15
on psychological aspects of deafness, 309
***Fundus** oculi, reflexes of (A. J. Ballantyne) 19
annular reflexes, 28, 32
foveal reflex, 26
from hyaloid membrane, 32
from internal limiting membrane, 32
from pigmented epithelium of retina, 27, 32
intraretinal lines (traction folds), 37
linear reflexes, 28, 31, 32
metallic, crystalline or frosted reflexes, 32
patchy reflexes, 31
pathological, 30
perimacular reflex, 25
physiological, 23
punctate reflexes, 29, 31, 41

Gabe, J.—Foreign body, unusual, in urinary bladder, 769
Ureteric calculi, impacted, 769
***Gabriel,** W. B.—Squamous-cell carcinoma of anus and anal canal: analysis of 55 cases (President's address), 139
Galactose tolerance in jaundice and hyperthyroidism (N. F. Maclagan), 602
Gardner, E.—Discussion on fat embolism and the brain, 654
Gastro-duodenal symptoms, analysis of 137 cases with, 419
Gaucher's disease, case of, 560
Genito-urinary tract, injuries to, personal experience of, discussion on, 565
Gillespie, W. H.—Discussion on psychiatric aspects of effort syndrome, 537
Gillies, Sir Harold.—Discussion on treatment of burns, 70
Gilpin, A.—Chronic myeloid leukæmia, 557
Pancoast's tumour, 557
***Gledhill,** A. W.—Discussion on swine influenza in the British Isles, 611
Glover, J. Alison.—Discussion on hygiene in air-raid shelters, 129
Glover, R. E.—Discussion on ætiology and morbid anatomy of fowl paralysis, 114
on swine influenza in the British Isles, 615
Goldie, E. A. G.—Clinical manifestations of oxygen lack, 631
***Golding,** F. C.—Tuberculosis of the knee-joint, 823
Gordon, H. W.—Discussion on prevention and treatment of parasitic diseases, 201
Gordon-Taylor, G.—Discussion on factors which make for safety in the pre-operative and post-operative treatment of carcinoma of rectum, 708
Gout, references to, in Saint-Simon's mémoires, 366
Gray, A. M. H.—Discussion on prevention and treatment of parasitic diseases, 195
Green, C. A.—Discussion on chemotherapy and wound infection, 348
Green, H. H.—Discussion on fluorosis in man and animals, 393
Greenfield, J. G.—Discussion on fat embolism and the brain, 650
on injuries to peripheral nerves, 519

Greeves, R. Affleck.—Discussion on war injuries of the eye, 728
Gunn, J. A.—The Future of Pharmacology (W. E. Dixon Memorial Lecture), 469, 477
"**Gunn's** dots," 29
Guthrie, D.—Discussion on chronic hyperplasia or focal fibroma of maxilla, 335

Habits and occupation, evidence of, in the teeth, 3
Hadfield, G.—Discussion on the problem of blast injuries, 189
Hæmochromatosis associated with acanthosis nigricans, 556
Hæmotherapy, chemotherapy and serotherapy in otology and laryngology, discussion on, 665
Hæmothorax complicating chest injuries, 89
treatment of, discussion on, 73
Hallpike, C. S.—Discussion on injuries of the ear, 16
Hamblen-Thomas, C.—Discussion on causes of failure in treatment of acute otitis media, 231
on injuries of the ear, 16
Hands, burns on, saline treatment of, 62
treatment with tannic acid contra-indicated, 223
Hanot's unilobular cirrhosis of liver. Chronic jaundice. Pigmentation of skin, case of, 322
Harding, K. M. D.—Intraperitoneal bleeding from a ruptured uterine vein in pregnancy, 562
Hardwick, S. W.—Metabolic investigations in periodic catatonia, 733, 747
Hartfall, S. J.—Discussion on dyspepsia in the Forces, 423
Hartley, David: physician and philosopher (1705-1757) (Sir W. Langdon-Brown), 233
Hawking, F.—Discussion on chemotherapy and wound infection, 347
Head injury, closed type of concussion in, 686
different types of, loss of consciousness in (K. Eden and J. W. Aldren Turner), 685
Heart disease, hypertensive, early, differentiation from Da Costa's syndrome, 546
valvular disease of, differentiation from Da Costa's syndrome, 545
Hellier, F. F.—Discussion on prevention and treatment of parasitic diseases, 201
Heredity in relation to teeth and jaws, 2
Hewer, C. Langton.—Discussion on anæsthesia in chest surgery, 505
Heyl, J.—Sulphathiazole in treatment of war wounds, 782
Higgs, S. L.—Discussion on the closed plaster treatment of wounds in the light of recent experience, 218
Hip-joint, dislocation of, central, cases of, 512
congenital, functional treatment of, 215
Hogg, J. C.—Treatment of chronic ethmoiditis by the transantral operation, 117
Horder, Lord.—Discussion on hygiene in air-raid shelters, 136
Howarth, W.—Discussion on aspects of sinusitis, 122
Hoyle, C.—Discussion on treatment of traumatic hæmothorax, 75
Hudson, R. V.—Discussion on treatment of burns, 71
Hughes, L. E.—Discussion on ætiology and morbid anatomy of fowl paralysis, 115
Hunt, Alan H.—Discussion on fat embolism and the brain, 643
Hurst, Sir Arthur.—Discussion on dyspepsia in the Forces, 422
Hypernephroma, five-year-old, case of, 767
Hyperthyroidism and jaundice, galactose tolerance in (N. F. Maclagan), 602

Ileostomy, terminal, for idiopathic ulcerative colitis, 573
Immunization, active, against diphtheria, 249
against enteric fever, 250
against scarlet fever, 251
against smallpox, 251
against tetanus, 250
against whooping-cough, 251
some present-day problems, discussion on, 247
sterilization of syringes and needles necessary in, 252
by combination of bacterial antigens, 253
of bacterial toxoids, 253
of a bacterial vaccine and a toxoid, 254
of a bacterial vaccine and a virus vaccine, 254
combined, 251
individual response to an antigen, 256
inoculation in presence of, 255
simultaneous, against various infections, 253
Infections, various, simultaneous immunization against, 253
Intraperitoneal bleeding from a ruptured uterine vein in pregnancy, 562
Intrathoracic disease, early detection of, mass radiography in, with special reference to pulmonary tuberculosis in recruits (P. Ellman), 595
Iridocyclitis, ætiology of, probable factors in, 355
discussion on, 351
recurrent, chronic ætiology of, 351
clinical types of, 352
treatment and progress in, 354

Jacobson, F. W.—Melanoderma of face, neck and forearms of unknown origin, 661
